

CONFORTEX®

castor

Decorative door curtains

Simple installation

Can adjust the width and the length.

To shorten the width:

- Measure the desired size
- Cut with a mini-saw.
- Replace the tip at the end.

Fix two wooden hooks or screw-on hinges (not supplied) on the support

Hang the door curtain

Check the length and adjust if necessary.

To adjust the length:

- Cut
- Cauterize by heating the end of the strip under the flame.

Note: the door curtain may stretch during the first three weeks of use
